**DYNAMITE SECRETS
ARE DICTAGRAPHERD****Invisible Receiver Shunts Suspects' Conversation by Wire to Recorder Below****WERE HIDDEN IN RYAN'S DESK**

Indianapolis, Ind., Feb. 17.—Whatever Frank R. Ryan and other indicted union officials have said in their office about the dynamite conspiracy since last October was learned by the government through a dictagraph discovered today in the headquarters of the International Association of Bridge and Structural Iron Workers.

The dictagraph, hidden under a drawer in a desk about which Ryan, the president; Herbert S. Hockin, the secretary-treasurer; and J. T. Butler, first vice president, and other officials conferred concerning their defense and plans enabled two government stenographers in a room below to take daily reports of the conversation.

The use of the dictagraph was disclosed today when the government decided it was no longer of value because a woman clerk in Ryan's office was heard to say: "Well, I suppose they are hearing whatever we say." That, with statements by Ryan, convinced Assistant District Attorney Clarence Nichols the dictagraph was no longer useful.

Its Work Satisfactory

The dictagraph was hidden in the desk once used by John J. McNamara, the dynamiter, and upon which he is alleged to have arranged his alarm-clock scheme for regulating the time at which bombs were to be set off.

Mary Surratt Was Not Guilty of Crime
Cincinnati, Feb. 19.—Almost fifty years after the assassination of Lincoln, the pen of Ben Pittman, pioneer stenographer and official reporter of the trial of the conspirators, reveals facts supporting the opinion that Mary Surratt, hanged with three others was innocent of the crime. It was written just before Pittman died a year ago. It appears in the March issue of the Cincinnati Magazine.

**SEMI-WEEKLY BEE,
Earlington, Ky.****BRYAN REPRESENTED AS
DEMOCRACY'S EVIL GENIUS****Representative Dies, of Texas, Makes
Attack on Leader in Speech**

Washington, Feb. 19.—Wm. J. Bryan was held up to the house as the "evil genius hovering on the flanks of Democracy" by Representative Martin E. Dies, of Texas, who spoke in reply to the Commoner's latest attack on the Democratic membership of the House.

Democrats and Republicans alike cheered Mr. Dies' declaration that he "neither feared the power nor respected the judgment" of the Nebraskan; and his further announcement that Democracy, under the leadership of Champ Clark and Oscar W. Underwood, was headed toward complete success swept the Democratic side of the House into storms of applause.

"I am almost ready to join Governor Wilson in his desire to find some decent and orderly manner of knocking Mr. Bryan into a cocked hat," said Mr. Dies amid a roar of Democratic laughter and applause.

Mr. Dies' attack on Mr. Bryan followed the latter's declaration in the last issue of the Commoner that the thirteen Democrats who voted against a recent amendment in the House to require publicity of all recommendations to the President on judgeship appointments were "unworthy to represent a Democratic constituency."

"Mr. Bryan has led the Democrats through three disastrous defeats," cried Mr. Dies. "Like the Bourbons of old, he has learned nothing and forgotten nothing. He points our column straight to the rocks of St. Helena."

"The people are ready to give us more power. In this situation it is a calamity, if not a crime, for Mr. Bryan to sow seeds of discord in the ranks of the party."

H. D. COWAND, Mgr.**A Funeral Sermon**

A preacher in the Southwest the other day delivered a short but very beautiful funeral sermon. It follows: A word to you. Postmortem praises and love are in the air. People kiss the dead when they never stop to kiss the living; they hover over the casket in hysterical sobs, but fail to throw their arms around their loved ones who are fighting the stern battle of life. A word of cheer to the struggling soul in life is worth more than all the roses in christendom plied high of the casket covers. The dead cannot smell the flowers, but the living can. Scatter them broadcast in their pathway, therefore, and pluck out the thorns before it is too late."

When BALLARD'S SNOW LINIMENT is rubbed for rheumatic aches and pains, it reaches the spot quickly and the relief is very gratifying. Price 25c. 50c and \$1.00 per bottle. Sold by St. Bernard Mining Co., Incorporated, Drug Department.

HITS AT RECALL SYSTEM****Attorney Says Good Government Must
Have Foundation on Trust of
Officials by People**

St. Louis, Feb. 17.—Discussing "National Stability," with particular reference to the initiative, referendum and recall, Attorney General Wickersham, speaking before the City Club here today, announced that "if the government is to meet the essential needs of the people, it must be founded on trust and confidence in the wisdom and integrity of those who are to discharge the various duties imposed in carrying it on."

No people, he added, could expect the best service from those whom they select from circumstances, and burden with restrictions, which indicate not confidence but distrust.

More essential perhaps than any other part of a government, the Attorney General declared, was an independent judiciary, "who are not to be deterred from performing their duty by any amount of clamor."

Chicago, Ill., Feb. 18.—The abolition of capital punishment in Illinois will be provided for in a bill to be introduced in the legislature by State Senator Madigan.

Throughout the city leading lawyers and public-spirited citizens aroused by the hanging of 5 men in the Cook County jail yesterday are making a demand for a repeal of the death penalty. "Barbaric," "a survival of savagery," "unethical," "vengeance, not corrective justice," are some of the terms used to characterize yesterday's procedure. Colonel Nathan William Madigan, former president of the American Institute of Criminal Law and Criminology, was outspoken in his opposition to the law.

THE LAW that dips its fingers in human blood to write the commandment "Thou shalt not murder" is naught but an example of legal transgression of the precept itself.

—Victor Hugo.

Advice to Lawyers.

To a counsel arguing before him at Clerkenwell (Eng.) county court, Judge Edge remarked: "Let me tell you a story of a case in which as counsel I appeared before Mr. Justice Mellor. I had used my strongest arguments, and thinking I was not convincing him I used some weak arguments afterward. Mr. Justice Mellor said to me: 'Now Mr. Edge, don't put too much water in your brandy.'"

save a lot of money on plans and spe-
cifications."
